MICRO-GROOVE'S COOL COMFORT

Micro-Groove is a performance polyester fabric with a unique micro-groove texture. This hightech material provides superior body moisture control, to keep you cool and comfortable while you're on the move — even when it's warm. Garments are easy to care for: they can be machine-washed and tumble dried. And they dry fast

CUSTOM

A top-down view of various sewing tools and materials. In the center, a pair of large silver scissors with black handles is open. To the left, there are two spools of brown thread. Above the scissors is a brown zipper. Below the scissors is a measuring tape with white and black markings. To the right of the measuring tape are several buttons of different colors and sizes, and a metal thimble. In the bottom right corner, there is a stack of fabric swatches in various shades of beige and tan. The background is a textured grey fabric.
